Whereas continues to go up: silver continues to go down.

Republicans desiring to attend the state convention at Louisville will get the advantage of half rates on all railroads. The tickets will be on sale August 9th and 10th, good to return on the 11th.

The individual consumption of sugar in the United States is three times as great as that of any other country. That fact alone is a good reason why we should raise our own sugar. The new tariff will increase our home production.

The street railroad consolidation will prove a good thing, for transfers will be given, and one fare will take a person anywhere in the city. But the consolidation of the ice plants is not so fortunate for the people. Not only has ice gone up ten cents and it is rumored that another raise will soon be made, but it seems that the weights are getting sly.

Those people who make light of our home market, or our domestic commerce, should remember these facts: Our domestic commerce is six times as large as the total foreign commerce of Great Britain, and twenty-four times as large as our own foreign commerce. The Pennsylvania railroad alone hauls more tonnage than the whole tonnage of England's foreign commerce.

It is difficult to see what the city council has against the court of appeals, but whatever it is that body has determined to break dire vengeance. The council has ordered that the cow ordinance case be appealed. That means that the remarkable decision of Judge Bishop is to be submitted to the appellate court. It is to be hoped that the appeal is over. If it doesn't paralyze that learned body, nothing will.

The "Register" must have been feverishly hard-up for something to fill up with when it gave space this morning to a rumor of a consolidation of the evening newspapers of the city. That item is so stale that it is above ground it ought to be on ice. Tell your readers that two and two make five; that wheat and silver are twins; that gold is appreciating, or any old thing, but don't give space to such an utterly improbable and impossible item as the consolidation of the Six and the "News."

Dex's report of July 24, says: The end of uncertainty regarding duties on imports gives greater confidence alike to those who have opposed and those who have favored the changes. The great strength in stocks, particularly in those of the Granger list, reflects assurance of heavy crops. The remarkable rise in wheat, notwithstanding that assurance, is based on heavy buying for export, and belief that foreign demands will be large. To these must be added another element of confidence scarcely deserved a week ago. The heavy increase in receipts of gold, whether from one side of the Alaska border or the other, swells deposits at the mints and in the banks of this country, and if the yield from new regions answers current expectations, may have an influence akin to that of gold discoveries in California. The one returning force, the strike of coal miners, has caused closing of a few manufacturing works, but what offset, but negotiations for settlement are still pending and hope.

The breach in the Democratic ranks, or rather the emerging breaches, continue to widen. Congressman Bailey celebrated the closing

day of the discussion of the tariff bill in the house by declaring that he would never vote for free wool so long as manufactured wools were taxed. The Democrats who voted for the Dingley bill when it first passed the house voted for it again on its final passage, and many other members indicated by their speeches and by votes on pending amendments to the bill that they had forever abandoned the free trade theories of the Democratic party. On the other hand, the gold wing and the silver wing of the party are constantly pulling wider apart, and on general questions of currency reform its members are equally divided. The Populist party, which co-operated with the Democrats last year, is also quite as widely divided as to its plans and views, and the condition of both these organizations is in marked contrast with that of the Republican party, which has stood and continues to stand firmly upon all important national questions.

THE CONVENTION OF AUG. 10. The Louisville "Commercial" makes the suggestion that Senator Deboe be selected to preside temporarily over the coming state convention, and the suggestion is a wise one. To select Dr. Hunter or E. T. Franks for that position, as has been suggested would be done, would be to throw down a challenge to every Bradley man in the convention to do his fighting clothes at once. Any attempt to deprive Gov. Bradley of an enthusiastic endorsement by the convention would not only be most unjust to him but would be most disastrous to harmony in the Republican party. Gov. Bradley has made a good governor; he has had a most trying position to fill, more so than any one besides himself can fully realize. If he has made mistakes in his official capacity, they have been honestly made. And when his administration can be viewed in a non-partisan light, it will be seen that his administrative acts have all been for the best.

The Republicans of Kentucky want peace. The elevation of Dr. Hunter or E. T. Franks to the position above referred to would add nothing to the estimation in which they are held by the Republicans of the state. To deprive Gov. Bradley of the convention's endorsement, would injure him in no respect but would tend to disrupt the party more than all the machinations of the enemy. The past should be forgotten and the animosity of Lower, and the unfortunate, this morning, should be all on Mr. G. W. Edwards, wife and Hunter needs no further light, Miss Leno, who Mrs. Ida Griffin, of the cause of his defeat, left them, left dead. The sooner they are forgotten, the better it will be for the party.

The convention of August 10 should nominate a good candidate for clerk of the court of appeals, endorse the National Republican platform and administration and give Gov. Bradley the endorsement that he deserves and adjourn. That is all that is necessary.

FROM THE CLOUDS.

Apparently, License Inspector James Gets a New Buggy. License Inspector J. A. James, of Third and Madison streets, has been mysteriously presented with a good buggy, or else somebody has got his plates and plates mixed. Yesterday afternoon late Mr. James was informed by a neighbor that there was a buggy under the shed in his back yard. The license inspector is not the happy owner of one, hence he proceeded to investigate, and found to his pleasure and surprise a good buggy backed up under his shed. There was no horse in sight, and the gate had to be opened and considerable space traversed before the vehicle could have been gotten into the position. He was up to this morning unable to find the owner or where the buggy dropped from.

The members of the faculty of Brown University have sent to the trustees a protest against accepting the resignation of President Andrews.

The strike in the mines of the Tennessee Coal, Iron & Railroad Company has been settled, and about 1,000 men will return to work.

SCHOOL BOARD.

Regular Meeting of That Body Held Last Night.

AN IMPORTANT QUESTION.

That Respects Eligibility Was Deferred—Secretary Brian's Annual Report Received.

WILL MEET AGAIN NEXT FRIDAY.

Trustees Brooks, Lawrence, Rose and Jackson were absent from last night's meeting of the board of education.

On account of the extreme hot weather, the reading of the minutes was dispensed with.

Chairman Louke of the finance committee, presented the following bills, which were allowed:

Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00

Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00
Geo. O. Hart & Son 1.00

The treasurer's report was read and showed a balance of \$2,459.70 on hand. The report was received and filed.

The building committee reported that \$900 was needed for repairing the school buildings, \$15 on the Mechanicsburg building alone. Capt. Smith was opposed to spending this much on the building, and a motion of Mr. Brian to submit estimates to three contractors for bids was carried.

The work on the remainder of the buildings will be let to the lowest bidder.

A motion to buy fifty new desks for the Faxon school house in Rowlandtown was defeated.

A committee was appointed to secure an option on a lot adjoining the Mechanicsburg building, which Mr. George Langstaff offers to the board for \$400.

City Attorney Husbanda submitted his report relative to the eligibility of school trustees, giving it as his opinion that a person is not eligible if he remove from the ward.

President Louke stated that Mr. Jackson had brought up the question relative to Mr. Lawrence, and that he deemed it proper to wait until both gentlemen were present. Col. Husbanda was asked for a further opinion, and further action was deferred.

The annual report of Secretary W. H. Brian was read, filed, and approved by the board.

Mr. C. O. Edwards, wife and Hunter needs no further light, Miss Leno, who Mrs. Ida Griffin, of the cause of his defeat, left them, left dead. The sooner they are forgotten, the better it will be for the party.

The convention of August 10 should nominate a good candidate for clerk of the court of appeals, endorse the National Republican platform and administration and give Gov. Bradley the endorsement that he deserves and adjourn. That is all that is necessary.

acted upon a mining community was passed a few days ago, segregating every alternate claim for the government. I doubt if half the people there have any title to their claims, and many who come home will find themselves without claims on their return. There is nothing in Canadian mining law to prevent such atrocious legislation.

Under these laws it will be difficult for Americans to obtain possession of any property bought, or to keep the gold they find in the Klondyke.

THE INDIAN BILL.

An Outline of the New Revenue Measure Before Congress.

Its Aim Is to Increase Revenue and Encourage Industries.

Committee Aimed at a Compromise Between the Wilson and the McKinley Laws.

Agricultural Items in Detail—Options Schedule Not Much Changed—The Free List.

Washington, March 15.—The new tariff measure presented to the lower branch of congress by Chairman Dingey, of the ways and means committee, is an attempt to provide revenue for the government and to encourage the industries of the United States. The date when the new tariff is to go into effect is named in the preliminary draft submitted to the house as May 1, 1927. The bill, as a whole, is a compromise between the Wilson and the McKinley laws.

The average rates are a little higher, and in some of the schedules they are slightly higher. Specific duties have been substituted, as far as possible, for ad valorem rates. It is intended to raise from \$50,000,000 to \$100,000,000 more revenue than the bill passed by the house in 1922.

By existing laws under which business conditions. When the task of preparing a new bill was first undertaken the committee was disposed to be very conservative and frame a measure which would be in the nature of a compromise between the Wilson and the McKinley laws.

The following schedule of duties is a summary of the various schedules in the bill. The general character of the measure and the more important changes from the present law which have been made.

STILL DELAYED

Is Work on the New Sewerage System.

It Seems to Be the City's Fault—
Engineer Elliott, of Memphis, May Come.

There is still a hitch in the commencement of work on the sewerage system. Contractor White is ready, and has been for two days, but the city has purchased no lot for the pumping station, has located no outlets for the sewers, and, in fact, is entirely unready for the beginning of work.

Negotiations are now pending with Sanitary Engineer Elliott, of Memphis, to come here and act as associate engineer, but as yet nothing definite is known in regard to his coming.

TRouble PILES UP

Against Some of the Court Street Denizens.

The cases against the Court street women are set for Friday in Justice Winchester's court. The unfortunate will be in hard lines in a short time, from all appearances. There are already several cases pending against them in the circuit court, they are always warranted and fined in the police court just before the grand jury meets, and then the latter always devotes a fair share of its attention to them—and it convenes in a few weeks.

COLLIE SURRENDERED.

Said He Shot Hampton in Self-Defense.

Enos Collie, who shot and killed Will Hampton at a barbecue at Hampton Saturday, surrendered to officers at Benton yesterday and was lodged in jail to answer the charge of murder Thursday. He claims self-defense.

Munton Collie, the alleged murderer's brother, was arrested and required to execute a \$500 bond for maliciously assaulting Hampton before the killing occurred.

Night Officer Sick.
Officer Frank Smegley is on the sick list, and Officer Henry Seamon is an extra during his illness.

WEATHER REPORT.

Fair tonight and Thursday, preceded by showers; cooler Thursday.
LOCAL MENTION.

Equality, Ill., Feb. 8th, 1897.
J. C. Mendenhall, Evansville, Ind.: Dear Sir:—I have had a good sale on your Improved Chill and Fever Cure during the last year, having purchased two (2) gross. I find the preparation gives good satisfaction and the demand is steadily increasing.
Yours truly,
G. A. BOERLAND.

Died in the Country.
The infant child of Mr. George Aydelott, of the country, died yesterday. The remains were carried to Livingston county for burial.

Deaths at Benton.
Dan Clark, of near Benton, a well known farmer, died Monday of brain fever. The three year old daughter of Mr. Daniel Fisher died at the same place.

Blackberries Cause Trouble.
Mr. Smith, of the Henderson school-house vicinity, was warranted before Justice Winchester yesterday afternoon for abusing Mrs. Babb, a neighbor, alleged to have picked blackberries on his farm.

Fist Fight at Benton.
J. M. John and H. B. Carper, prominent residents of Benton, created some excitement yesterday by engaging in a fistfight, Carper getting struck twice. Neither was hurt.

Will Make Another Ascent.
Will Lytle, the young man who made his first balloon ascent at LaBelle park Sunday, will make another ascent and parachute leap on Saturday at one of the parks.

Important Business Deal.
The building occupied by Jas. Bryant as a barber shop, on Broadway near Fourth, was yesterday sold by Messrs. L. D. Wilcox and Joe and Armour Gardner to Mr. Joe Hyman for \$5,000. Mr. Hyman, it is understood, has wanted the property for the past ten years, and ten years ago offered \$4,500 for it. He will likely continue to rent it.

Lindsey Gives Bond.
Wilbur Lindsey, of Carver City, who was arrested by Deputy U. S. Marshal LaRue yesterday, and held to answer before the Federal grand jury for violation of internal revenue laws, executed the \$500 bond yesterday afternoon late and was released, Mr. M. W. Clark becoming his surety.

A Card of Thanks.
To the good citizens of Paducah, who assisted and sympathized with me in my sorrow. I wish to thank Mrs. Rice, Mr. and Mrs. Epstein, Mrs. Hay and family, Mrs. Chappell, Mrs. Barschheim, Mrs. Thompson, Mrs. Girard and others. Especially would I thank the good Masons, and every member. May God bless, and prosper the order forever, and thank all who participated in the nation. The press made it a hundred dollars; it was but half that amount; however, had it been again as little I accept it gratefully on behalf of myself and little daughter. Have I forgotten anyone it is the fault of the head and not the heart. Remember I thank you all, and say again God bless and prosper you all, and may you never need assistance, and may I temper your sorrow as He has tempered mine.
Mrs. Ed G. BOERNE.

New Barber Shot.
Mr. H. Hayes, the well known barber, has opened a barber shop at 131 Broadway, Frank Martin's old stand. He does first class work. Give him a call.

Mr. Wolf's Funeral.
Mrs. Simon Wolf, whose husband committed suicide yesterday, will arrive on the 7 o'clock train in the morning from St. Louis. The funeral will likely take place some time in the forenoon.

Taken to the Country.
The 18-months-old child of Duke Ross died today in Mechanicsburg. The remains were taken to the country for burial.

Delightful Moonlight Party.
Master Len and Miss Winnie Dale gave a moonlight party at their residence in the country last night, which was attended by people from miles around. Those from the city who attended were: Misses Hattie Curd, Ella Bryant, Cynthia Ewell, and Mr. Jamie Brooks. A most delightful time was had by all.

L. A. W. SANCTION

Received for the Blue Ribbon Bicycle Meet.

President E. C. Gleaves, of the Paducah Cycle Club, has received from the L. A. W. sanction for the blue ribbon meet on the 18th and 19th of this month at the new bicycle track near LaBelle park.

Young Clarence McLean, the Covington trick rider, will probably attend, but as there are to be no prizes out of town riders will be absent.

A MORNING BLAZE.

Originated From a Terra Cotta Flue—No Damage.

A small blaze was discovered in the kitchen flue at the residence of Mrs. Layton, 227 South Sixth street, at 10:45 this morning. It originated from a terra cotta flue, and although the fire department was called by an alarm from box 23, its services were unnecessary and the blaze was extinguished without difficulty.

Marshal—Green Reynolds.
The club meets every night at Tenth and Trimble.

The case against the Paducah Gas Light Company for failing to properly fill up a ditch excavated in South Third street, was called in Judge Sanders' court this morning and dismissed. The ordinance regulating such things does not specify any time in which the ditch shall be filled, and hence the law may yet be complied with by the company. This decision practically invalidates the ordinance.

The case against Mr. R. H. Woolfolk, charged in a warrant sworn out by Street Inspector Cosby with maintaining a nuisance by filling up property near Thirteenth and Monroe in such a manner as to destroy natural drainage, was continued until Friday.

Will Hamilton was charged with beating his wife, Lizzie Hamilton.

NO SEATS

For the School House in Rowland Place.

The School Board Meets Again Friday—Fun Among the Members.

The Board of Education adjourned last night until Friday in order to have a whole evening in which to consider and discuss the plans of Architect B. B. Davis for the new school house on Broadway.

The board is in quite a predicament over seats for the Rowlandtown school house. There were only eight members present last night, and it requires eight votes to appropriate any amount of money, even the price of a box of chalk.

The board has always had a good supply of old desks on hand that could supply a want until this year, but it has now doubled up and redoubled until it can double no more.

The evidence showed that he was correcting her for alleged misconduct, and Judge Sanders dismissed the charge. He took occasion to say that some husbands killed their wives for such conduct, and when Prosecuting Attorney Reeves suggested that the conduct of Hamilton himself might not be above reproach, the Judge said the same law ought to apply to husbands. The comments created quite a little amusement in the court room.

William Graft, for a plain drunk, was fined \$1 and costs.

Henderson Olds and Annie Morton, colored, were charged with immorality in Judge Sanders' court. They denied the charge and were acquitted.

Before Justice Dunaway.
County Attorney Homer went out to Henderson this afternoon to try a case against Wm. Smith, charged with using provoking language towards Mrs. Babb. Justice Dunaway will hear the case.

Assistant Yardmaster Bob McCann is quite ill.

Trainmaster J. A. Frates, of Memphis, was in the city today.

The Illinois Central has put into effect an export rate of ten cents on corn to New Orleans from Chicago. This is in accordance with the policy of the company, which is determined to make New Orleans one of the leading ports of export in the country. The company announces that it will meet any rate made by the east-bound lines to the Atlantic seaboard.

As yet nothing has been done in placing the blame for the collision in the Union Depot yards, or the collision Sunday near Stiles. Both crews in the Stiles wreck were laid off pending a decision by the investigating committee.

Ticket Agent J. A. Crone acted as baggage master this morning instead of Baggage Master Flowers, who was off on account of the death of his father. Mr. George Warfield was in charge of the ticket office.

Fireman L. L. Martin, of the Illinois Central, came up last night quite ill from prostration by heat.

Engineer A. J. Owsley, formerly of the C. O. & S. W. here, is back from Ohio, after an 18 months' absence. He now lives in Middleton, O., and may locate here.

OVERCOME BY HEAT.

Mr. John R. Smith Very Ill This Morning.

Mr. John R. Smith, of Evansville, the well-known coffin drummer, arrived on the 8 o'clock train from Fulton. He was overcome by heat soon after his arrival and has been quite ill at his room at the Palmer. He is a very large man, weighing 250 pounds, but it is not thought his illness is severe.

Funerals Today.
The funeral of the late Mr. R. H. Flowers took place at 9:30 this morning from the M. E. church, interment at Oak Grove. A large concourse of friends followed the remains to the grave.

The last rites over the remains of Deputy Jailor Frank Phillips were also attended by a large crowd this afternoon at 4 o'clock. The interment was at Oak Grove, services by Rev. Tully.

HEDGES IN LIFE.

We All Find Them in the Way, But We May Use Them.

There are hedges in every life path, and none may hope to escape them altogether. There is nothing for it but to scramble bravely through. All annoyances, slights and vexations, which unexpectedly befall, finding them unprepared. The thorns are so small, one may fight as he that beareth the air in vain effort to lodge a blow at them.

Little injustices have their sting; it is well to acknowledge it, for the fact remains. But striking at the often visible cause may not remove it; another thing may be felt instead. We must distinguish between real injuries and little irritating but harmless scratches, and act wisely concerning them. Contradictions and refusals give their sharp little thorns along the way. They are certain to come, and are unpleasant to bear, but what of that? Do not stop to visit every thorn with retribution. The hurts are only skin-deep, and will heal by the first intention, and then let alone. Apply equal parts of charity, forbearance and a happy forgetfulness at once, without striking at the thorns first.

A "cheerful expecter" will anticipate what is on the other side of the hedge, and will not hurry to reach it. For a hedge is a hedge, and is by nature thorny. What can you expect? These offenses must needs come to make up life's discipline. Somebody says merrily that pins have saved lives by not being swallowed, so thorns have done good by not being mindal—Boston Budget.
